The diagram illustrates a class hierarchy. At the top is the 'NativeTable' class, represented by a rectangle divided into three horizontal sections. The top section contains the class name. Below it are two empty sections. At the bottom is the 'tf::PadV2OptionsT' class, represented by a rectangle divided into three horizontal sections. The top section contains the class name. The middle section is empty. The bottom section contains two public methods, each preceded by a '+' sign. A blue arrow with an open triangular head points from the 'tf::PadV2OptionsT' class to the 'NativeTable' class, indicating inheritance.
